ACCEPTABLE USE OF TECHNOLOGY POLICY: STUDENTS PP-3

The purpose of these guidelines is to ensure that students at Whitford Catholic Primary School use our technology resources in an appropriate manner.

1. All access of technology, including Internet access, will be conducted under adult supervision.

2. Students will follow teacher instructions regarding the use of computer technology.

3. Students will take great care with the computer equipment.

4. Student behaviour in class when using the resources will be considerate and courteous.

5. Students will work co-operatively and do their best.

6. When using the Internet, students will only access appropriate information that is relevant to their work. Students will only access sites as directed by their teacher. The use of “book marked” sites (Favourites Folders) will be encouraged and screened by a staff member.

7. Written consent will be obtained from parents or guardians before any child’s photograph, work or video footage is published on the Internet.

8. Use of E-mail will be limited to staff members and those students who have received written permission from their teacher.

9. Teachers and students will respect the privacy of others by not accessing their personal folders or mail.

10. Students will remember that it is a privilege, not a right to be using the Internet.

11. Students not respecting these guidelines will be subject to the school’s Discipline Policy.

Student Code of Conduct

Using Computer Resources: PP – Year 3

I have read, discussed and agreed to these guidelines with my child.

Child’s name: ________________________________

Year: __________

Parent’s or Guardian’s signature: ____________________________

This form must be signed and returned to school a.s.a.p. Thank you.
